

Diagnostic Product Selection

Dedicated Healthcare Solutions

Diagnostic

About Uhs

Established in 1978, Uhs has led the way in offering cost effective solutions to healthcare providers for over 25 years.

Essentially a Sales & Marketing operation, Uhs has a vast portfolio of products that originate from:

- Its own manufacturing facility
- OEM products from UK and overseas manufacturers
- Exclusive partnerships with other major healthcare manufacturers: Kimberly Clark, Sterisol UK, PDI, Safegard, Exel, Antec International & Yamasu

As one of the major suppliers to NHS Logistics, we utilise the services of:

- Southern Syringe Services Ltd, the largest distributor of disposable medical and surgical products to UK hospitals
- 3S Healthcare, providing the Uhs product portfolio to all other areas of the healthcare market

To order all Universal products, please refer to details on the back cover

The Diagnostic Product Selection

Uhs and its associated suppliers have gathered a comprehensive range of products for the Diagnostic Product Selection.

These products have been specifically selected for their quality of design, safety, ease of use and cost effectiveness.

The product selection pages show individual product images and information. If you wish to order products, just note down the relevant codes and use the contact details on the back cover.

Peak Flow Tubes	07	Product & Code Info	12

Stethoscopes

Stethoscopes are used to hear sounds generated from within the body. You are able to listen to the heart, lungs and intestinal tract. They are also used for measuring blood pressure.

Each Universal Stethoscope features:

- Vinyl Y-tubing
- Chest piece diaphragm
- Moulded plastic ear tips
- Lightweight anodised aluminium chest piece

1 Uhs Ref: UN125B ■ Stethoscopes - Singlescope ■ Size: 58cm ■ Colour: Black ■ Pack QTY: 1

2 Uhs Ref: UN125R ■ Stethoscopes - Singlescope ■ Size: 58cm ■ Colour: Red ■ Pack QTY: 1

4 Uhs Ref: UN130R ■ Stethoscopes - Doublescope ■ Size: 58cm ■ Colour: Red ■ Pack QTY: 1

Digital Thermometer

Digital thermometers are used for monitoring fever or body temperature. They can be used orally, underarm or rectally (infants) & are safe for all ages. They can be disinfected or covered with a snug fitting probe cover.

- Easy to read LCD screen
- Accurate to 0.1 degree centigrade
- Safe to use - no mercury or glass
- Last temperature memory
- Disinfect or use thermometer covers
- Batteries are replaceable
- Low battery warning

1 Uhs Ref: UNE315 ■ Digital Thermometer

■ Pack QTY: 1

2 Uhs Ref: UN5184 ■ Probe Covers for Digital Thermometer

■ Pack QTY: 100

Pen Torches

High quality durable pen torches offering an excellent level of concentrated illumination.

Our plastic pen torch is available in two versions:

- **Disposable battery model**
Available in economy or deluxe
- **Replaceable battery model**
Available in deluxe only
- Both torches have a pocket clip
- High intensity light source

1 Uhs Ref: UN62 ■ Disposable

■ Pack QTY: 6

2 Uhs Ref: UN60 ■ Replaceable Battery

■ Pack QTY: 6

Tourniquets

Medical tourniquets are designed to be an ambulatory aid with patient comfort in mind.

Velcro fastening:

- Reliable, cost effective solution
- Hook and loop closure
- Available in small, medium & large

Quick Release:

- No pinching, catching or jamming
- Plastic bodied quick release mechanism
- Simple one-handed operation
- Autoclavable

1	Uhs Ref: UN695LF ■ Tourniquet - Velcro Fastening ■ Size: Small ■ Length: 22cm	■ Pack QTY: 12

■ Pack QTY: 80

■ Pack QTY: 100

■ Pack QTY: 100

All Products & Code Information

Uhs supply a comprehensive range of Diagnostic Products which are available in an array of sizes, quantities and colour references. It would be impossible to display all of these products in the catalogue; the product pages show part of the range.

The following pages detail the entire Universal Diagnostic range, together with code information, a small description and sizes, types and quantities available. If you wish to order products, note down the relevant codes and use the contact details on the back page, If you need further advice please use the contact details at the back of this booklet.

Universal offer a repair and calibration service for products within it's diagnostic selection. For further enquiries and further information regarding repairs / calibration and spare replacement parts, please contact our diagnostic repairs service department by using the details at the back of this booklet.
