Dedicated Healthcare Solutions

Operating Theatre

## About Uhs

Established in 1978, Uhs has led the way in offering cost-effective solutions to healthcare providers for over 29 years.

Essentially a Sales & Marketing operation, Uhs has a vast portfolio of products that originate from:

- Its own manufacturing facility
- OEM products from UK and overseas manufacturers
- Exclusive partnerships with other major health care manufacturers: Kimberly-Clark, Sterisol UK, Safeguard, Exel, Antec International & Yamasu.

As one of the major suppliers to NHS supply chain, we utilise the services of:

- Southern Syringe Services Ltd, the largest distributor of disposable medical and surgical products to UK hospitals
- To order all Universal Products, please refer to details on back cover.

## The Operating Theatre Selection

Uhs and its associated suppliers have gathered a comprehensive range of products for the Intravenous product range.

These products have been specifically picked for their quality of design, safety, ease of use and cost effectiveness. The product selection pages show individual product images, product education and information. If you wish to order products, just note down the relevant codes and use the contact details on the back page.

## Contents

### Product Selection

Aural Grommits	03	Rebreathing Bags	07
Gag Covers	03	Anatomical Face Systems	09

Skin Markers	06	Headwear Range	13
Sharps Disposal Systems	06	Protective Eye Wear	14

### All Products & Code Information

All code information can be found on pages **16 to 19**

For further products & code information see page 16

## Aural Grommets - Sterile

Small Teflon devices designed for placement in middle ear to prevent the build up of serous middle ear fluid.

- Shah
- Shepard
- Packed sterile

Both types are available with or without wire.

1	Uhs Ref: UN135 ■ Aural Grommet Shah Teflon	■ without Wire	■ Pack QTY: 25
2	Uhs Ref: UN135A ■ Aural Grommet Shepard Teflon	■ with Wire	■ Pack QTY: 25

## Gag Covers - Silicone

A cover placed over the gag used in oral surgery protects the patient and gives a safer, more comfortable fit.

- Available in two sizes:
  - Adult
  - Children
- Autoclavable

1	Uhs Ref: UN136 ■ Boyle Davis Gag Cover	■ Adult	■ X-ray Opaque	■ Pack QTY: 30
2	Uhs Ref: UN137 ■ Boyle Davis Gag Cover	■ Child	■ X-ray Opaque	■ Pack QTY: 30

For further products & code information see page 16

## Bite Guards - Silicone

A bite guard acts as a protective shield for the teeth during oral surgery.

- Radio opaque
- Prevents tooth damage
- Can be trimmed to size
- Autoclavable

1 Uhs Ref: UN139 ■ Bite Guard

■ X-ray Opaque

■ Pack QTY: 20

## Zoellner Sucker Tips - Sterile

Disposable sucker tip designed to fit zoellner suckers for suction in middle ear surgery.

- Supplied in sterile double wraps.
- Sizes - 18g, 20g, 22g and 24g.

1 Uhs Ref: UN138C ■ Zoellner Sucker Tips

■ 22g

■ Pack QTY: 50

For further products & code information see page 16

## Disposable Eye Shields

Our disposable eyeshields feature:

- Soft, pliable finish and texture with ventilation holes allowing comfortable fitting and vision
- Smooth rim offers comfortable fitting around the contours of the eye

1 Uhs Ref: UN340LP ■ Sterile Eye Shield ■ Left Side ■ Peel Pouch ■ Pack QTY: 100

## Phototherapy Eye Protectors

Used to shield the eyes of new-born babies when receiving phototherapy for medical conditions such as jaundice.

- Made from soft high-density cotton, secured with Velcro strips.
- Cost-effective; available in three sizes for premature and new-born babies.

1 Uhs Ref: UN15.01.244 ■ Phototherapy Eye Protector ■ Small Premature ■ Pack QTY: 12

## Tip Cleaner Pads

The Electro-Surgical Tip Cleaner provides an abrasive surface for safe and effective cleaning of electro-surgical cautery tips. The extra-long adhesive liner forms a tab for quick removal and product application. Supplied in sterile packaging, for single use only.

- Pad has X-Ray detectable strip
- Adhesive tape to facilitate easy placement

1 Uhs Ref: UN58200 ■ Cautery Tip Cleaner Pads ■ Sterile ■ Pack QTY: 50

For further products & code information see page 16

## Skin Markers - Sterile

This high quality marker is designed for easy identification of the area of skin intended for surgery.

- Ideal for use in all areas of surgery and assessment.
- Clear result on all skin tones, and can also be used for contouring the skin.
- Effectively combines thick and thin line marking in one marker.

1 Uhs Ref: UN64 ■ Surgical Skin Marker with Ruler ■ Bold/Fine ■ Sterile ■ Pack QTY: 50

## Sharps Disposal Systems

A simple and safe way for the collection and disposal of used blades and other sharps - choose from the DisGard Pad, the Safety Box System or the Uhs Protecta pad.

- Strong adhesive pad to retain sharps
- Enhances audit and control procedures
- Low cost safety solution
- Sterile single use device
- Complies with the anti-needlestick legislation
- Latex free

1 Uhs Ref: UN210 ■ Protecta Pad ■ Pack QTY: 50    3 Uhs Ref: UNG510101 ■ Disgard Pad ■ Pack QTY: 20  
 2 Uhs Ref: UNG510050 ■ Safety Box ■ Pack QTY: 25

For further products & code information see page 16

## Rebreathing Bags

A black antistatic rubber oval bag that forms a collapsible reservoir from which gases are inhaled and into which gases may be exhaled during general anaesthesia or artificial ventilation.

- Available sizes 0.75 to 5 Litre
- Ferrule Neck
- Autoclavable

1 Uhs Ref: UN3770 ■ Rebreathing Bag ■ Ferrule Neck ■ 0.75 Litre ■ Pack QTY: 1

## Anatomical Face Mask Range

The anatomical black rubber masks are manufactured from antistatic EPDM rubber. The masks are fully autoclavable up to 120 degrees C and have an anatomical shape and inflatable cuff. The body of the mask can be widened or narrowed to fit the face with an inflatable cushion to ensure best fit.

- Provided with or without harness hooks
- Available in a variety of sizes

1 Uhs Ref: UN3780 ■ Anatomical Face Mask ■ 5 Hook Ring ■ Size 0 ■ Pack QTY: 1

For further products & code information see page 16

## Skin Graft Blades

Designed to user specification, providing a sharp, consistent cutting edge. Fits either hand held or mechanical dermatome.

1 Uhs Ref: UN2010 ■ Skin Graft Blade Sterile

■ Pack QTY: 10

## Exsanguinator

A permanently inflated elastomeric sleeve which, when rolled onto the limb, produces adequate exsanguination for surgery without subjecting the limb to high pressures.

- Quick and easy to apply
- One size fits all
- Minimal discomfort to the conscious patient

1 Uhs Ref: UN530 ■ Rhys-Davis Exsanguinator

■ Pack QTY: 1

## Tourniquet cover

Fully protective vinyl film cover that prevents prepping solution reaching the tourniquet from either side, eliminating skin irritation and ensuring a clean tourniquet.

1 Uhs Ref: UN53600 ■ Tourniquet Covers Small

■ (53cm x 75cm x 37.5 cm)

■ Pack QTY: 2 x 15

For further products & code information see page 16

# Theatre Time Savers

## 1. Heel and elbow protectors

Anatomically designed to provide circulation of air to pressure points on the heel and elbow, helping to prevent ulcers. Incorporating a cushion of triple-layer Fiberfill secured by a comfort strap.

## 2. Operating theatre table pad

Designed to reduce risk to patients of pressure ulcers under anaesthesia. The fluid attracting cover draws liquid into the nonwoven three-section pad, which can then be safely incinerated.

## 3. Boot style stirrup pad

Prevents tissue damage by protecting the heel during surgical procedures; versatile in use as a heel protector, traction appliance or cast pad.

## 4. Knee crutch pad

Supports and helps prevent tissue damage during surgical procedures. Fiberfill construction allows air to circulate.

1 Uhs Ref: UN36230 ■ Heel and Elbow Protector

■ 18 Pairs

2 Uhs Ref: UN56201 ■ Operating Theatre Table Pad

■ Pack QTY: 4

3 Uhs Ref: UN52712 ■ Stirrup Strap with Slip Ring

■ (47cm x 5cm x 8.75cm)

■ Pack QTY: 10

4 Uhs Ref: UN57400 ■ Knee Crutch Pads

■ 12 Pairs

For further products & code information see page 16

# STANDARD FACE MASKS

The Standard Face Mask category offers basic traditional protection for staff circulating in the theatre environment, and includes masks in surgical and procedure styles designed for use in general patient care, contact isolation and other general health care environments.

## Kimberly-Clark Standard Face Masks with Ties

Designed with extra lightweight materials to improve breathability and provide a cooler, more comfortable mask.

- Filters down to 1 micron
- Tested over 5 hours at 95% filter efficiency
- Protective three-layer construction
- Supplied in a variety of colours
- Glass fibre free
- Latex free
- Masks for sensitive skin also available

**1** Uhs Ref: UN47500 ■ Soft Touch II with Horizontal Ties

■ EN14683 - Type II

■ Pack QTY: 6 x 50

**2** Uhs Ref: UN48100 ■ Lite One Face Mask ■ Colour: Blue

■ EN14683 - Type II

■ Pack QTY: 6 x 50

## Kimberly-Clark Laser Pleat-Style Face Mask

The Laser surgical mask offers improved protection from possible laser plume contaminants during laser procedures. The distinctive silver patterned outer facing easily identifies the Laser as the surgical mask that will help protect the wearer from airborne sub-micron particulate matter.

- Glass fibre free
- Filters 0.1 particles at 98% efficiency
- Extra wide mask provides better fit
- Secure fitting headbands with ties

**1** Uhs Ref: UN47625 ■ Laser Mask - With Ties

■ EN14683 - Type II

■ Pack QTY: 6 x 35

For further products & code information see page 16

# Fluid Resistant Face Masks

The FLUIDSHIELD\* Procedure Mask offers the protection of patented LONCET\* breathable film, which helps protect healthcare workers against exposure to blood and body fluids. The improved media filters feature a finer filter layer and extended wearability. All Kimberly-Clark\* fluid protection Face Masks meet the ASTM Standard for fluid resistance; they are available in a variety of styles.

The orange colour is your assurance of a quality, high performance mask with fluid protection.

## Kimberly-Clark Fluidshield Face Masks with Ties

The FLUIDSHIELD\* Procedure Mask helps protect healthcare workers against exposure to blood and body fluids. Long, durable ties make this mask convenient to use and comfortable to wear.

- Filters down to 0.1 micron
- Tested over 8 hours at 99.5% filter efficiency
- Resists fluid penetration
- Supplied with or without see-through face visor
- Glass fibre free
- Latex free

**1** Uhs Ref: UN48207 ■ FluidShield Face Mask

■ EN14683 - Type IIR

■ Pack QTY: 6 x 50

**2** Uhs Ref: UN48247 ■ FluidShield Face Mask with Wraparound Visor

■ EN14683 - Type IIR

■ Pack QTY: 4 x 25

**3** Uhs Ref: UN48257 ■ FluidShield Face Mask with TopGuard Visor

■ EN14683 - Type IIR

■ Pack QTY: 4 x 15

# SPECIALITY FACE MASKS

Products in the Speciality Face Mask category offer various features addressing both user preferences and clinical need, including added protection in areas of potentially high infection risk, or when a high standard of infection control is needed.

## **Kimberly-Clark Particulate Filter Respirator – N95 (PFR95)**

Universal offer a NIOSH (National Institute for Occupational Safety and Health) approved respirator that not only meets the requirements for filtration and facial fit but also provides fluid protection and wearing comfort (NIOSH is a US Government organisation).

- NIOSH approved for Tuberculosis
- Provides greater than 95% filter efficiency
- Filters down to 0.3 micron particles
- Orange colour indicates fluid resistance

**1** Uhs Ref: UN46727 ■ PFR 95 Particulate Filter Respirator

■ Pack QTY: 6 x 35

## **Kimberly-Clark**

### **High Filtration Face Masks**

In today's medical environment, healthcare workers need more from a Face Mask – more coverage, more performance, and more protection. The High Filtration Face Mask range provides optimum protection by meeting the CDC recommendations for fit and filtration.

- Glass fibre free
- Large cool breathing chamber
- Filters 0.1 particles at 95% efficiency
- Comfortable facial fit
- Secure fitting headbands

**1** Uhs Ref: UN47717 ■ PCM2000 Particle Free Face Mask Headbands ■ EN14683 - Type II

■ Pack QTY: 6 x 50

For further products & code information see page 16

# HEADWEAR RANGE

## Caps and Hoods

The Universal Head Wear range has been designed in a variety of styles to offer individual choice.

This range of Head Wear styles and colours is perfect for your surgical team and patients.

The primary function of Head Wear is to provide complete containment of the hair, preventing the migration of skin scales and hair particles to the patient. Each product is manufactured from soft, durable, non-woven, Chicopee material designed with generous sizing to enable a variety of hair styles to be restrained comfortably.

This lightweight fabric prevents the passage of particles whilst allowing the scalp to breathe.

- |   |  |                 |
|---|--|-----------------|
| 1 | Uhs Ref: UN9100B ■ Nurses Cap Mob Style ■ Colours: 5 available (See page 19) | ■ Pack QTY: 100 |

For further products & code information see page 16

# PROTECTIVE EYE WEAR

Health & Safety standards require that healthcare workers and patients have access to adequate facial protection from blood borne pathogens.

Protective eye and face visors protect the skin and the mucous membranes of the eyes, nose, and mouth from exposure to blood or other potentially infectious material. Using protective eye wear can reduce risk of exposures to dangerous blood borne pathogens.

 **Kimberly-Clark**

## Guardall Shields

The Kimberly Clark Guardall Shield offers a safe, effective method of facial protection from potentially dangerous blood and body fluids. The lightweight, optical-grade shield ensures complete, undistorted visibility while protecting the wearer.

**LATEX FREE**

**1** Uhs Ref: UN41205 ■ ¾ Length Guardall Shield - 19cm

■ Pack QTY: 40

## Astrospec<sup>®</sup> Spectacles/Goggles

The Astrospec features adjustable temple length, integral side shields and brow guard, polycarbonate, anti-fog, anti-static, anti-scratch coated lens. An economical alternative to prescription safety eye wear.

**LATEX FREE**

**1** Uhs Ref: UN9168666 ■ Astrospec Spectacles/Goggles

■ Pack QTY: 5

For further products & code information see page 16

## The Safeview® Range

Universal offers SAFEVIEW® protective eye wear for use in situations which may involve splashing or spraying of potentially infectious fluids. Both loose frames and replacement lenses are available.

- Loose frames in a range of attractive colours
- Convenient to combine with replacement lenses
- Frames supplied in packs of 10
- Replacement lenses supplied in packs of 250
- Latex free

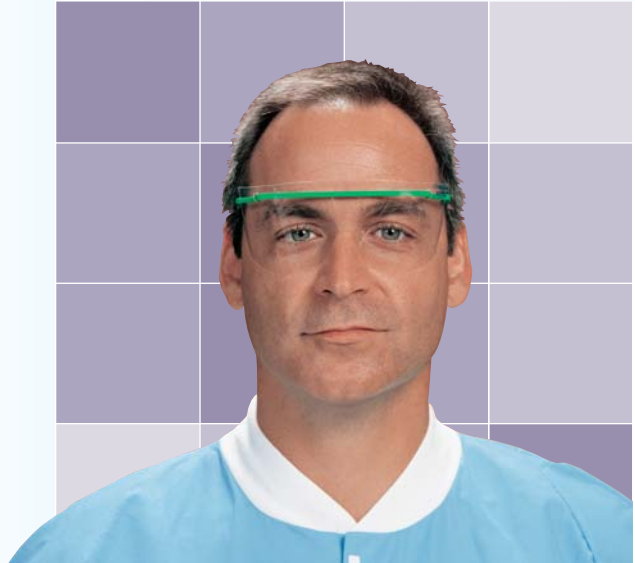

### Possible Product Combinations

#### Total Fluid protection

- Safeview & Fluid Shield mask  
With ties - UN48207
- Safeview & Fluid Shield mask with  
earloops - UN47107
