**Dedicated Healthcare Solutions**

**Tubing**

## About Uhs

Established in 1978, Uhs has led the way in offering cost-effective solutions to healthcare providers for over 25 years.

Essentially a Sales & Marketing operation, Uhs has a vast portfolio of products that originate from:

- Its own manufacturing facility
- OEM products from UK and overseas manufacturers
- Exclusive partnerships with other major healthcare manufacturers: Kimberly Clark, Sterisol UK, PDI, Safeguard, Exel, Antec International & Yamasu.

As one of the major suppliers to NHS Logistics, we utilise the services of:

- **Southern Syringe Services Ltd**, the largest distributor of disposable medical and surgical products to UK hospitals
- **3S Healthcare**, providing the Uhs product portfolio to all other areas of the healthcare market
- To order all Universal Products, please refer to details on back cover.

## The Tubing Product Selection

Uhs and its associated suppliers have gathered a comprehensive range of products for the Tubing product range.

These products have been specifically selected for their quality of design, safety, ease of use and cost effectiveness.

The product selection pages show individual product images, product education and information. If you wish to order products, just note down the relevant codes and use the contact details on the back cover.
